

Docs 4 Docs<sup>®</sup>  
Service

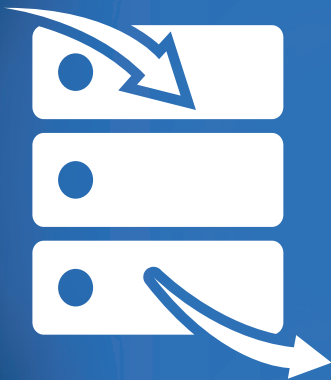

Right information at the right time.

## Manage your patient results and information quickly and securely.

The **DOCS4DOCS**<sup>®</sup> service is an independent, community-based clinical messaging system that delivers test results and other patient information securely and efficiently to your practice.

The service provides delivery flexibility, higher reliability and consistent result formats.

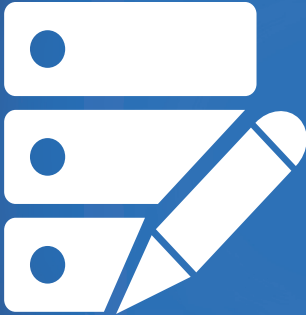

The **DOCS4DOCS**<sup>®</sup> service is run by the non-profit Indiana Health Information Exchange, one of the nation's most respected health information exchanges. Its sophisticated system is designed to protect patient privacy while enhancing the quality and efficiency of healthcare information delivery.
